

EVIDENTLY BETTER

New resources & news from your Evidence & Library Service

Spring into Spring

Time for a new start, why not visit one of our three libraries?

Maghull Health Park - Indigo building

The staff library is located on the ground floor in the Indigo Building, Maghull Health Park, Maghull, L31 1HW and is open 8am-5pm, Monday to Friday, for staff to; access PCs, borrow and return books, access printing and scanning facilities.

Hollins Park House

The staff library is located in Hollins Park House, Hollins Park, Winwick, WA2 8WA, and is open 8.30am – 4.30pm, Monday to Friday, for staff to; access PCs, borrow and return books, access printing and scanning facilities.

If you have a swipe card for Hollins Park House you can access the Library between 7am and 7pm, Monday to Friday, when the building is open.

Rathbone Hospital - William House

It is located on the first floor (lift available) in William House, Mill Lane, Liverpool L13 4AW and is open for staff to; access PCs, borrow and return books, access printing and scanning facilities.

Access to William House & Rathbone Library is only possible with a staff ID card / swipe card. To request access please ask your line manager to submit a request form at <https://yourspace.merseycare.nhs.uk/estates-work-requests> (This can be found on 'Your Space', under 'Trust Wide Support Services', 'Estates and Facilities', 'Estates Requests', 'Access request').

(Please note – for access to the library, you will need to ask for access to William House, Rathbone Library and the corridor to the toilets).

Library staff are not always available on site but are contactable via email during standard business hours, library@merseycare.nhs.uk

“The only thing that you absolutely have to know, is the location of the library.” – Albert Einstein

Please note library staff are not available on Bank Holidays

Spotlight on...

What is a clinical decision making tool?

Decision support tools, also called patient decision aids, support shared decision making by making treatment, care and support options explicit. They provide evidence-based information about the associated benefits/harms they are designed to support shared decision making between people and a clinician.

Scan the QR Code to access:

Clinical decision making tools

Did you know....

that if there are books that we don't have, we can try and request them from other libraries, scan the QR code below and fill in the request a book form and we will do the rest for you.

We can also request journal articles that we don't have access to and we can try and obtain them from other libraries. Simply scan the QR code below and fill in the request form and we will source if for you and send it to you when we get it.
